Ahoy, future sailors! Buckle up, because 45 Degrees Sailing is about to blow your nautical socks off! Our recent adventure in Croatia (July 2024) with the assistance of these legends was beyond epic.

Complete Personalised Service: From the get-go, Nick, Mahina, Anna made us feel like VIP sailors. They kick things off with a personalised discovery call with Nick to get the lowdown on our dream trip. They know the Dalmatian coast like the back of their hands, dishing out top-notch tips on beautiful bays, must-try restaurants, and the coolest sailing routes. It's like having a local best friend who also happens to be a sailing guru and their 'Bareboat Assist' package is a game-changer!

Expertise and Experience: Nick's the real deal...

With years of global sailing experience, he ensured our trip was both safe and enjoyable. His familiarity with Croatian waters and with sailing tips, weather updates, knowledge of swimming and mooring spots, made a significant difference in our overall 100% positive experience for everyone on board.

Nick has an amazing skill at putting you and your crew at ease. Please checkout his YouTube channel (45 Degrees Sailing) .

Our yacht, 'Marie,' chartered through MK Yacht Explorer was in pristine condition and well-equipped. The cabins were spacious, storage ample, and the galley well-designed. The hydraulic transom platform was particularly great for easy water access and was a big hit with the kids.

It great to see that 45 Degrees Sailing is committed to sustainability, using eco-friendly cleaning products and minimising plastic use. Their thoughtful practices to protect the Adriatic Sea added a meaningful layer to our trip .

Exceptional Support! The team's support was outstanding. From bookings, planning to provisioning and answering our questions, they were always available and incredibly helpful.

Overall, our adventure with 45 Degrees Sailing was fantastic. It makes us want to come back for more. If you're planning a sailing trip in Croatia, look no further. We can't wait to sail with them again!

I used 45D's bareboat assist on my first charter in Croatia and my only regret was not booking the whole charter through them! The entire team was helpful in building an itinerary, making reservations for us, and answering questions that came up throughout our charter. Thanks 45 Degrees Sailing!

We have just had the benefit of support from 45 Degrees Sailing. The whole team was brilliant from start to finish - Charter and yacht selection, itinerary planning and bareboat assist. Team is flexible and responsive with Anna and the office helping on logistics and Nick advising on all sailing topics and beyond, including specialist advice on climbing etc. Highly recommend.

We had a fantastic time sailing in the Dalmatian Islands, and we are so glad we 'splurged' on the bareboat assist from 45D! Nick and his crew were invaluable in helping us plan the ideal trip, then navigate a little unexpected weather and adjust our itinerary to maximize both safety and fun. I can't stress enough how much we appreciated their knowledge and assistance. Unless you are already familiar with the area, I would *highly* recommend you hire this group to help make your Croatian sailing vacation fun and relaxing!

We have just returned from an amazing week sailing in Croatia. Friend and I are newly qualified day skippers on our first bareboat charter and a little apprehensive taking the jump to picking up the reins fully. We were taking our wives for their first ever sailing experience, so we wanted to make it as stress free as possible. To help with this and give us the confidence we used 45Degrees Itinerary planning and Bareboat Assist service. The itinerary planning from Nick was spot on. He tailored the route so that we had a good mix of marinas and mooring ball locations. All the bays we went to had beautiful restaurants which had mooring buoys with the booking to stay overnight. We were just blown away by the locations, by the food and service from the restaurants we visited. Every night was pre planned and booked by Nick and his team. Absolutely spot on. The Bareboat assist was invaluable in give us the confidence that there was someone on the end of the phone should anything go wrong or if we just had some questions. Nick constantly stayed in contact providing updates through the week and helping us with transfers from and too the airport. I can't recommend 45Degrees Sailing enough. Hoping Nick can also help us with the charter next year. First class guys thank you so much for helping make the week perfect.
